PREMIER HEPBURN, ONE MINISTER RESIGN

Ontario Cabinet Split Wide Open

Break-Up Sensation At Ottawa

By Grant Dexter

OTTAWA, Oct. 22.—The break-up of the Hepburn government in Ontario has created a sensation at Ottawa. Explanations and theories to explain Mr. Hepburn's retirement abound in bewildering profusion. Hardly two of them agree.

The one certainty is that the Hepburn party, which for some years has not been, in fact, the Liberal party, has collapsed.

Other and equally significant resignations either have already been announced or are expected very soon. Harry Nixon, the nearest approach there is to a Liberal leader, is out of the government. T. B. McQueston, the titular head of the Ontario Liberal Association, and a close associate of Mr. Hepburn, is also reported to have resigned. The break-up apparently is complete.

At the moment it is much easier to foresee the immediate consequences at Toronto than the effect these developments may have upon federal affairs or upon the future career of Mr. Hepburn.

EXPLANATIONS HEARD

In order of probability, the explanations current here are as follows: Mr. Hepburn's numerous swift changes of front have cost him support and, cumulatively, have made his position impossible. His bitter breach with Mr. King cost him the support of many Liberals.

His reversal with respect to Communist and Labor generally, Hepburn cost him heavily with the reactionary wing of his supporters — of which, incidentally, Mr. Conant is the leader.

Still earlier, his friendship with Mr. Duplessis and his efforts to form a Hepburn-Duplessis alliance against Mr. King, alienated many supporters who held by the traditional Orange order viewpoint with regard to French Canada. Again Conant is the representative man in this regard.

In fact, this explanation takes the line that Mr. Hepburn was so inconsistent and unstable that unity among his followers was destroyed and his leadership was made impossible.

Next is the explanation that Mr. Hepburn realizing that a general election in Ontario must come this year and being under no illusions as to the fate awaiting him, has decided to return to the Continued on Page 6

Japan Expecting Attack on Burma

BERLIN, from German broadcast, Oct. 22.—(AP)—A Tokyo dispatch today quoted the newspaper Nishi Nichi for the opinion that Britain and the United States "probably intend to use the period from November to April for launching an attack on Burma."

With the rainy season approaching its end in Burma, the dispatch said, "Japanese quarters expect a revival of operations in this war theater."

Ship Launched

PICOTU, N.S., Oct. 22.—(CP)—The Victoria Park, first steel ship launched in Nova Scotia since 1918, was launched today, six months after her keel was laid.

CITY PASSES HALF-WAY MARK IN DRIVE

Province Buys \$4,000,000 in War Bonds

Province Gives Extensive Support to Victory Loan

Alberta Government's purchase of \$4,000,000 in the Third Victory Loan is being carried out in the above picture taken in the treasury office at the Legislature Building. Following the established procedure, Edmonton, capital city of the province, is entitled to the credit for provincial government subscriptions, and this is taken into account in the setting up of objectives. However, due to the exceptionally large purchase by the province of \$4,000,000 in bonds, there is being allocated \$2,000,000 to the city of Edmonton, and \$2,000,000 to the province at large. In the above picture Hon. Solon Low, provincial treasurer, is seen handing the application to R. E. Staples, Edmonton city chairman and chairman of special names committee, while H. M. E. Evans, vice-chairman for Alberta, looks on with great satisfaction. On the extreme left is K. P. Duggan, vice-chairman of special names, and on the extreme right is H. J. Woodman, secretary to the treasury department.

REDS REPORT SERIES OF TRIUMPHS

Nazis Checked as Stalingrad Has First Snow

Government of Vichy May Move To Dakar Port

BERNE, Switzerland, Oct. 22.—(AP)—Admiral Jean Darlan, Vichy's chief of the armed forces, now at Dakar, is touring French Africa to sound out defense possibilities in case of a German assault which would force the Vichy cabinet members to flee to Dakar.

The present question of labor concentration in France has presented the most serious crisis faced by the French since the military defeat. It holds the possibility of open chaos in the unoccupied territory, said these sources, who insisted on anonymity.

Much depends on how the Germans exert further pressure and in the reaction of the opposing world, who now have been joined by many factory owners. The situation has become so acute some time ago, according to private advisers, that Vichy cabinet members were ordered to prepare to leave Vichy on 24-hour notice. Now that order has been rescinded.

The possibility remains that a new government, or even the present one under certain conditions, might choose to retire to London, France as a means of opposing Germany. The bulk of Vichy's armed strength is in French Africa.

Some of Hampdens Are Converted to Torpedo Bombers

LONDON, Oct. 22.—(CP)—The first disclosure that Britain has converted some of her twin-engine Hampden medium bombers into torpedo planes was given by the air ministry today in a communiqué which said that one, on patrol with the coastal command yesterday, scored a hit on an enemy supply ship off the Norwegian coast.

Poles Proclaimed 'Germans to Fight On Russian Front'

MOSCOW, Oct. 22.—(AP)—Some Poles in Nazi-occupied Poland have been proclaimed "Germans" new sent to the Soviet front to fill gaps in several German divisions, the government newspaper Pravda disclosed today.

By The Canadian Press

With the first snowfall whitened the steppes north of Stalingrad today as the Red army reported a series of triumphs indicating that the backbone of Hitler's crucial October offensive had been shattered.

It was the 59th day of the siege of Stalingrad.

Cutting yesterday's reports that the German assault was ebbing, Soviet headquarters and military dispatchers credited the Russians with these significant facts:

1—Capture of an important hill overlooking the city.

2—Capture of several bright towers of a Soviet flanking maneuver which overran two Nazi defense lines.

3—A major trench raid along the vital Shosse corridor northwest of Stalingrad, in which more than 200 Germans were killed.

4—Recapture of several battlefields in Stalingrad's blood-soaked northern factory district, where the Germans have thrown perhaps 60,000 troops and hundreds of tanks and planes into the attack.

5—A stove-pipe defense line where around the fire-blackened city.

With his 1942 timetable disrupted, Hitler now faces the swift approach of winter and the prospect of either withdrawing his siege armies or seeing them huddle in dugouts and trenches in the ruined countryside.

Dispatches to Leningrad reported that the steppes across the Don-Volga corridor had been transformed into a muddy bog, with wintering going on suddenly to a cold wave in the first snow of the season.

Red army headquarters also reported heavy German losses in the Caucasus, with 500 Nazis killed in the Moudok sector, gateway to the Grouny oil fields, and two companies destroyed in fighting along the Black Sea coast south of Novorossiysk.

Deep snow blanketed the Caucasus mountains, leading German drives in the two main sectors.

British Get Less
Winter Clothing:
Going to Russia

Rommel Given Full Command In Middle East

CAIRO, Oct. 22.—(AP)—Rommel was given full command of Axis land and air forces in the Mediterranean area after British and United States planes dropped for mastery of the air in battles which the Italians said involved 400 planes.

A source with close contacts on the continent said Rommel was reported to have been given his post command during his recent trip to Berlin, and was charged with touching off a twin offensive against Egypt and into Syria from the Asiatic Greek islands of the eastern Mediterranean.

MIT FORWARD LINES
The R.A.F. hammered at advanced Axis airbases, supply dumps and communication lines in the desert yesterday, keeping the enemy air force on the defensive and shooting down three fighter planes.

While the major aerial activity was centered over forward areas, long-range fighters also swept along the coastal road between Benghazi and Sidi Barrani, strafing trucks bearing vital supplies of ammunition and gasoline to the front.

R.A.F. South African and American planes struck at enemy fields and encampments in the desert, and returning fighters observed many hits and fires.

The landing field at El Daba was one of the chief targets.

Seven Canadians Win Decorations

LONDON, Oct. 22.—(CP)—Announcement of the award of four Distinguished Flying Crosses and three Distinguished Flying Medals to Canadian airmen was made today by R.C.A.F. headquarters here.

The D.F.C. was won by F. J. McElroy, Port Arthur, Ont.; P. K. C. Murphy, Ottawa, Ont.; and W. J. E. Smith, Saskatoon, and W. J. E. Cox, Kingston, Ont.

The D.F.M. was won by Flt-Sgt. G. T. Mackenzie, Toronto; Flt-Sgt. H. F. Tice, Hamilton; and Flt-Sgt. (now PO.) J. E. R. Pickett, Hamilton. Cox, Flt-Sgt. Tice was reported missing Sept.

Today's War Moves

The news from the Solomon Islands still is highly inconclusive but from Russia it is definitely good. It now can be stated flatly that Hitler's 1942 campaign has failed in its chief objective, that of crushing the Russian army.

Further, it seems that he may not even be able to take Stalingrad, nor the Grouny oil fields, nor the Black Sea ports.

The latter, of course, is not certain. Hitler is going to have to win or lose the war in Russia, and maybe he senses that if he doesn't do it this year he is finished.

The time is getting short. The rain and mud which preceded the Continued on Page 2, Col. 4

U.S. May Curtail Service Personnel

WASHINGTON, Oct. 22.—(AP)—War production board officials sought the next tightening of the civilian economy in the United States may be a sharp reduction in store clerks, theatre usherettes and other service personnel.

\$139,084,250 Canada Total For War Loan

OTTAWA, Oct. 22.—(CP)—Wednesday's subscriptions to Canada's Third Victory Loan totalled \$14,449,950, raising the total for the first three days of the three-week campaign to \$139,084,250, national loan headquarters announced today.

The three-day total was \$14,449,950 higher than the cumulative total for the same three days of last February's second Victory Loan drive, when \$124,576,300 was subscribed.

Nominal objective of the spring campaign was \$600,000,000, whereas today's sales fell slightly below the \$41,700,000 daily average needed if the objective of the third Victory Loan is to be attained in the 18 business days before the campaign ends Nov. 7, but on Wednesday the sales were almost \$3,000,000 above the required daily figure.

AVERAGE \$46,361.00
Daily average of subscriptions for the first three days of the campaign ends Nov. 7, but on Wednesday the sales were almost \$3,000,000 above the required daily figure.

Nixon Gives Resignation To Premier

TORONTO, Oct. 22.—(CP)—Harry Nixon today handed in to Premier Gordon Conant of Ontario his resignation as provincial secretary in the Ontario cabinet and indicated a wide divergence of views with the policies of the Ontario government headed by Mitchell Hepburn until the latter's surprise resignation last night.

Nixon listed three specific grounds of difference. He disagreed with Ontario's attitude toward the Dominion government's conduct of the war with the government's extension of its own life (which would have expired this month) and with the way the membership was transferred from Mr. Hepburn to Mr. Conant.

Mr. Nixon said the premier "is too sacred a trust and too vital a position."

Important to be so casually given and received, notwithstanding the personal wishes of the two people immediately concerned.

The vote themselves, the party, the elected representatives who are expected to support the government in office and cabinet colleagues are entitled to be consulted.

SECRETARY 12 YEARS

Mr. Nixon had been provincial secretary for 12 years, four years as a member of the Ontario government of 1939-41 and the other eight as a member of the Hepburn government. He has represented Brant riding in the legislature since 1934.

His resignation came just about 18 hours after Mitchell F. Hepburn was sworn in as premier.

Nazi Bombers Heavily Blast English Town

LONDON, Oct. 22.—(CP)—German air raiders bombed and strafed a small town in England today, causing an undetermined number of casualties and extensive property damage.

Streets were littered with wreckage and rubble left by the bombs of the raiders who swooped in just before midnight.

Many homes were damaged and many were scored on homes and business properties and a number of persons were trapped.

The Press Association said persons who saw today's raid reported that the Germans used a bouncing bomb.

One bomb which landed on a beach was said to have bounced over waterfront dwellings and struck a house on a side street several hundred yards away. Other bombs, it was said, hit a row of cottages 200 yards from a row of cottages.

Figures in Ontario Cabinet Break-Up

Ontario cabinet members today announced their resignations. The cabinet was headed by Mitchell F. Hepburn, premier, and included Harry Nixon, provincial secretary, and Gordon Conant, attorney-general.

First Letter Received From Raid Captive

MONTREAL, Oct. 22.—(CP)—From a Nazi prison camp came yesterday to Montreal the first word of one of those veterans of the battle of Dieppe who became captives of the Nazis.

The message was a letter received by Mr. and Mrs. Walter McGraw from their son, Lt. Col. George McGraw of a Quebec Regiment, taken prisoner in the bloody fighting on the Channel beaches.

The pencilled note, confined mainly to mention of McGraw's good health and what he is permitted to receive in the way of parcels, was written Sept. 9 and passed through the German post office 10 days later. It was from Camp "St. Stammer" VIII, B, and passed through United Nations censorship.

SAYS ALL WELL
McGraw, 25, and one of six sons in the army, wrote in part: "Just a few lines to let you know I am keeping well and getting along fine, and hope this finds you, Dad, and everyone well and in the best of health. Well, Mother, I hope you received my first letter I had written in France, and that it relieved you of some worries."

The McGraws said this first letter mentioned by their son had not been received.

"Please don't worry as everything is fine. . . . The things you are allowed to send me are a 10-pound clothing parcel once every three months. But don't worry so much about that, as the Red Cross is looking after us very well. We don't forget the chocolate bars and some smokes. . . ."

Official List War Casualties

R.C.A.F.

OTTAWA, Oct. 22.—(CP)—Eleven men were reported killed on active service overseas by the Royal Canadian Air Force in its first casualty list of the war, issued last night.

Four men were listed as missing believed killed during air operations overseas and eight as missing after air operations overseas.

The "Canada" section of the list reported two airmen and an airwoman seriously ill. The airwoman was AWZ Thelma Shaw of Vancouver.

Following the latest list of casualties, with official number and next-of-kin:

KILLED ON ACTIVE SERVICE

Harvester Subscribes \$2,000,000

F.M. Morton, vice-president, International Harvester Company of Canada, Ltd., at general office, Hamilton, Ontario, hands over his company's subscription for \$2,000,000 to Canada's Victory Loan to R.W. Leslie, vice-chairman, Hamilton Victory Loan executive committee. This subscription covers all the Harvester Company's manufacturing and sales operations in Canada. "Buying Victory," said Mr. Morton, "is an investment in freedom and victory. The need for fighting money to back up our fighting men is urgent. Let us do all we can, now by lending every dollar to buy the planes, the guns, the tanks, the ships our armed forces need to assure an early victory."

To Guard Against Cattle Price Drop

OTTAWA, Oct. 22.—(CP)—The Wartime Prices Board announced last night that the Wartime Food Corporation will enter the market and buy cattle if prices threaten to fall unduly.

The announcement quoted Donald Gordon, Prices Board chairman, as saying the move would be taken to clear up fears that disorderly market conditions might follow heavy movements of cattle to market.

Alberta Teachers' Average Salary \$881 During 1941

OTTAWA, Oct. 22.—(CP)—The average teacher's annual salary in publicly-controlled schools in Prince Edward Island in 1941 was \$423, and in British Columbia, \$1,231, said a Dominion Bureau of Statistics study issued yesterday.

Nova Scotia, \$607; New Brunswick, \$588; Ontario, \$1,065; Manitoba, \$148; Saskatchewan, \$110, and Alberta, \$881.

The study covered eight provinces which presented data required. Quebec figures were not given.

Other average salaries for 1941 with both men and women teachers' salaries included, were:

Cattle Bring High Prices at Stock Show in Calgary
CALGARY, Oct. 22.—(CP)—Feeding the 1941 average price by \$10 per head, 90 purebred cattle brought an average price of \$100 apiece at yesterday's auction sale, held in conjunction with Calgary's 28th annual stock show and sale.

In the Northern calves the reserve champion, senior yearling bull, Lonsdale Triumph, contributed by Alex. S. McDonald, champion, sold to Kenneth A. McArthur, McArthur, Calif., for \$230, top price for any animal in the show.

Crash Kills Three

MONTREAL, N.A. Oct. 22.—(CP)—An instructor and two student airmen from No. 8 Service Flying Training School were killed when two training planes crashed after a mid-air collision near Montreal yesterday. Another airman was seriously injured, and a fifth suffered cuts and bruises in a parachute landing.

Splendors of Gov't House

1,500 Enthusiasts Vie for Treasures

Find New Homes at Auction

Fragile figurines, rich brocades and exquisite period furniture found new homes Wednesday afternoon when they fell under the auctioneer's hammer at Government House and were bid for by eager purchasers. Sales for the day totalled more than \$3,000.

Attended by some 1,500 persons among whom were buyers from other parts of the west, including Regina, Calgary and Vancouver, the opening day of the sale of furniture and fixtures of Government House, under the direction of George A. Clash, director of purchases for the Alberta government, found brisk and ready bidding. The sale, which is being conducted by J. H. Reed, auctioneer, will continue Thursday and Friday afternoon commencing at 1 p.m. each day.

TEMPTED TO BUY
Many of those who attended the opening day of the sale came to inspect but many of these, when some tempting piece of china or furniture was put on the auction block, found themselves among the most ardent bidders.

The beautiful drapes that for many years have graced the windows and doorways of Government House were quickly bought up by women buyers. Among these were the exquisite deep rose drapes of figured damask from the dining room which fetched as high as \$35 a pair.

The rugs, among which are some of the finest and largest in the province, found ready buyers Wednesday afternoon. Auctioneer Reed knocked down the dining room rug, a superb Sarouk, in tones of green, gold and rose, 24 by 15 feet, to a bidder who paid \$225 for it. The stair carpet, in old rose, was sold for \$75.

From the drawing room were sold several pieces of Sheraton, among which was a charming double cabinet with Angeline Kaufman upholstery inlaid with satinwood. The buyer for this piece paid \$130 while a companion piece, a delicate little oval Sheraton table, brought \$61. Yet another piece of Sheraton, an occasional table brought \$32 and chairs of the same period brought well over \$20 apiece.

\$120 FOR CANDELABRA
One of the most striking items to fall under the hammer during the afternoon was a set of candelabra, the three pieces consisting of the centre piece and two side

pieces in gleaming silver. This went to a bidder who paid \$120 for the set.

Especially attractive to women buyers were the many pieces of china, including Dresden figurines, pieces of Wedgwood, Chinese vases and Venetian glass which were for sale. One of the highest prices paid for one of these was a delicate Venetian glass bird which brought the sum of \$13.50.

Two Italian marble figurines, each in a glass case brought exceptionally good prices. The first, that of a young girl, was sold for \$45, while the second, a little girl with flowers, went to a new owner for \$65.

Bidders at the sale readily picked out the period pieces and antiques from the more modern pieces up for sale and in every case the former brought larger prices. A dainty pair of Dresden figurines was sold to the highest bidder for \$40 while a Wedgwood urn after the Adams style, went for \$25.

200 LOTS SOLD
Approximately 200 lots were sold by Auctioneer Reed, leaving some 600 lots to go under the hammer. These include the remaining first floor furniture as well as the contents of the many bedrooms,

bathrooms and dressing rooms on the second and third floors. It is anticipated that bidding will be brisk when the furniture of the royal suite, including a four-poster bed comes up for sale.

While some silverware was sold Wednesday, the big bulk of it, including the dinner set and the crested ware, will be sold Friday. A large number of prospective purchasers arrived from Calgary Thursday for the auction.

Among others were representatives of Northwest Airlines, which has leased Government House and will convert the building into dormitories for the duration of the war.

The leases have already commenced necessary installations in the building. The conservatory in the building has been converted for showers and before the air-raid move into their quarters protective coverings for all walls and floors will be constructed.

Government House was open Thursday morning and will be open again Friday morning for the convenience of prospective buyers who desire to make a tour of the rooms to inspect pieces before bidding on them.

Indications of rich oil pools have been found in New Guinea.

● Yes, thinking a lot, lately—and now I'm going to do something.

But first, let me tell you about my thinking. I'm typical of thousands of Canadians. I'm approaching middle age . . . married . . . have children (they're almost old enough to join the armed forces) . . . and I have a steady job and a fair income.

For three years I've been, theoretically, "at war"—but until now I haven't been really at it. I've followed the war (that's right, "followed" is the word!)—followed it daily—in my newspapers.

I cursed the Germans over Rotterdam . . . deplored at the Fall of France . . . thrilled at the story of Dunkirk . . . shuddered at the Battle of Britain . . . then cheered the R.A.F. when the Luftwaffe turned tail in defeat . . . And I remember that historic Sunday, December 7th, when the Japs came in.

No need to go on, you see how keenly (I interested in) the war was I. During this time I was doing my bit, too. (Don't laugh!) I bought a few War Savings Certificates—and, by Jove! during the last Victory Loan drive I actually bought a Bond (like throwing a penny on the drum).

You see, in this way of following the war, my own way of life, and that of thousands like me, was pretty well untouched.

Then one day I saw myself in the true light . . . a spectator outside the arena, while the peril was being fought off for me by others. I began to see those perils . . . possible defeat . . . cruelty, slavery, desolation . . . my loved ones, my Canada, my home and my possessions, all that I cherish, destroyed at the hands of the Nazis and the Japs.

At last I did some serious thinking. Like a sudden shock came the resolve: Canada needs me—she needs me to do something. I'm not in the fighting line, so I must get behind those who are. I must send them guns, and tanks, and planes, and ships.

So my wife and I spent hours at the week-end, figuring on a new budget of our income. We're going to change our way of life, in helping prevent the Nazis changing it for us. We're going to cut out every unnecessary expenditure, and cut down many of the necessary ones, too, in order to lend all the money we can to Canada.

I'm going to buy VICTORY BONDS, not alone because it is a splendid investment, but because—yes, you see—I've been thinking . . . now I'll DO SOMETHING! I'll do my utmost in helping to put the new Victory Loan (\$750,000,000) over the top!

HOW TO BUY—Give your order to the Victory Loan salesman who calls on you. Or place it in the hand of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters. Or you can authorize your employer to start a regular payroll savings plan for you. Bonds may be bought in denominations of \$10, \$100, \$500, \$1,000 and larger. Salesmen, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.

You will be laying up for yourself the best of all investments—VICTORY BONDS are backed by all the resources of the Dominion and they yield a fair rate of interest; you can borrow against them, and they are readily saleable when you need the cash.

It is a small matter, but it is a matter that you have the right to be a new Victory Bond.

Tak'a peg o' John Beag's!

Preview and Review Of Sport

By Hal Dean

Sports Editor of The Edmonton Bulletin

ANNOUNCEMENT made Wednesday night by Clare Holingworth, manager-coach of Army and Navy Pats, that this club would operate again during the 1943 season, definitely means that there will be senior girls' football in Edmonton next year. Walk-Rites had previously signified their intention to go again.

The acquisition of Helen Ricci, recently moved here from Calgary, also means that the Pats, for several years now a power in Alberta girls' football circles, will once more be serious contenders for championship honors.

Miss Ricci certainly ranks in the front row among chukkers in Western Canada, her record for the past three years as a member of Olds and Calgary teams being ample proof of that. Just a few weeks ago she also pitched for Walk-Rites in the inter-provincial series against Moose Jaw Royals, winning a pair of games and helping to bring the Western Canadian championship to Edmonton.

AND speaking of softball pitchers, Annabelle Thompson, of the Walk-Rites, retained her position as one of the best for other chukkers to emulate by leading the City Girls' League this year in batting with an average of .421. Thora Stewart of the Pats was second with a .390 average. Beatty, Walk-Rites, third with .300. Kay Heim, Pats, hit for .280, but appeared in only two games.

The western title holders will be without the services of Mary Saldern next season, the manager-coach who piloted them to the Championship this fall having joined the army on Tuesday, George Belandier, assistant-

coach last summer, will carry on in Murray's place.

Kidie children's very efficient umpire and one of the important cogs in the local softball machine in addition to being the executives of the Edmonton and provincial associations, joined the air force some time ago and was just recently posted.

JUNIOR FINAL SATURDAY
F. JAKE JAMIESON is busy these days out at No. 3 "M" Depot putting the finishing touches on the Edmonton junior football champions who invade Calgary on Saturday in the first of the two game total points series for the Alberta title.

According to the Canadian Press list issued Wednesday night, a total of 22 players will be making the trip to Calgary, the names of Gordon Retallack and E. Kapaniuk not being included. They evidently are not being able to play although no official statement has been issued to that effect.

Retallack, a smart quarterback in addition to being the team's best booter, would be greatly missed and so would Kapaniuk, who has developed rapidly during the last few weeks into an outstanding player. However, it just means the rest of the squad will have to go just a much harder against the Cadets, reputed to be a fast moving team.

Sports . . . Roundup

By HUGH FULLERTON, JR.
NEW YORK, Oct. 22.—(AP)—Signs of the times, when South Texas State went to Abilene for a football game with Abilene Christian, the contract specified that the home team had to furnish the visitors' transportation, both ways. . . .

UNANSWERED QUESTION
A lot of ball clubs may need rebuilding before next spring, but don't look for much trading at the December meeting. . . . Somebody asked Jim Gallagher, the Cubs' general manager, about trade prospects and he summed up the whole situation this way: "We have a lot to sell a ball player not eligible for the draft; and who is going to buy one that is?"

TODAY'S GREATEST STAR
C. M. Gibbs, Baltimore Star: "Perhaps the war is changing everything. For instance, there was Coach Frank Leahy, lying in a hospital. And his Notre Dame team shakes itself clear of the doldrums and stages the biggest upset of the season by defeating the Seahawks. And no one said anything about the Irish winning for good old Leahy, neither before nor after the game."

SERVICE DEPT.
New York City's Buddy Knox, the Dayton, O., heavyweight who is going his fighting out of Bowling Field near Washington. . . . Joe Patrick, former New York River hockey player and nephew of the Rangers' boss, Lester, has just been made a lieutenant at Fort Monmouth, N.J.

Looks for Dominion Final

Coach of Winnipeg Bombers Gives East Rugby Once Over

By CHARLES EDWARDS

TORONTO, Oct. 22.—(CP)—Bert Warwick, coach of Bombers in the Winnipeg Senior Football League, looked over the two top teams in the Ontario Rugby Football Union last night and vehemently expressed hope there will be an east-west final this year.

Warwick was in Toronto on business, but he did not pass up the opportunity to see the city's two leading clubs, Lehigh Hayman's R.C.A.F. Hurricanes and Ted Morris' Navy Pats, who are scheduled to play a 7-7 tie in a Victory night game, first major league fixture ever played under floodlights in Toronto.

Because of weather conditions Bert did not see the teams at their best but he was impressed with the 1941 Ontario Rugby Riders from whom he saw the Grey Cup and national championship last season.

ARMY VERSATILE
"Hurricanes are nifty with the ball like all Hayman's teams," said Warwick. "They have a great running game, but apparently they are not as good as they look."

He said the Hurricanes showed a more versatile attack than Navy and should win the O.R.F.U. title. But then what? he asked. "It would be regrettable if there is no east-west game this year. All our efforts in Winnipeg have been aimed toward a national final. The Grey Cup objective has kept the game alive and I think all Canada wants to keep the Dominion final."

BILL STUKUS GOOD
Winnipeg has a three-club league with Bombers and R.C.A.F. Players tied in first place and ready for a playoff. The other club, Manitoba University, has not won a game. The league was set up with Blue Number players of last year divided among the three clubs to bring better competition. The original intention was that a composite team would be chosen to represent Winnipeg if the Canadian Rugby Union postpones a national final.

The negotiations were surrounded in secrecy by both Rickey and the directors, but Rickey said he hoped "to have something definite within the next week."

There seemed to be no reason for believing the position was hopeless. Rickey's acceptance or refusal, he also said, might not be the only obstacles to overcome.

Sailors in Second Place

R.C.A.F. Draws 7-7 With Toronto Navy

TORONTO, Oct. 22.—(CP)—Royal Canadian Air Force Hurricanes and Toronto's navy team from the H.M.C.S. York training centre battle to a 7-7 deadlock Wednesday night in a floodlit Ontario Rugby Football Union game dedicated to Canada's Third Victory Loan.

The Hurricanes saved themselves from defeat with a stirring last-quarter drive which brought them a converted touchdown and six points to match the lead the sailors had built up in the earlier stages of the game.

The game was undisturbed possession of second and the league standing, one point ahead of Toronto's Balmy Beach and Hamilton Wildcats.

Winners Tied For Top Spot In Standings

High school six men football swung back into action yesterday after a short lay-off, two games being played. At Separate, the home team continued the dizzy pace they've been setting as they walloped Vic 29-1. Westglen playing hosts to Scona triumphed 15-7.

The results of these contests put Sca and Westglen in a tie for first place. Victoria follows closely behind while Scona is deep in the cellar.

It was a case of too much speed on power as the blue and white avenged a previous defeat at the hands of Victoria.

Ken Hardy, speedy back, started the winners off on the right foot early in the game. The ball was worked to the loose three-quarter and from this point Hardy, on a reverse, caught it on a "crack" McAlaffery kicked the convert.

A McCormick to Lee successful forward in the second frame, then again set the winners in position and Hardy scored his second try at a banquet at the Royal George on a play through centre went the rest of the way. McAlaffery added the point after touch.

Sep continued to press in the final session and the winners took their lead. Barry chalked up his second touchdown when he fell on loose ball behind his opponent's goal-line. Then Jack Heaney added another point on a kick to the dead-line.

Playing Coach Rod McAlpine got into the scoring habit soon after by taking a pass and then kicking the left end for five points. McAlaffery topped off a big afternoon for his team by kicking his third convert. Gordie Mitchell saved his team from a shutout in the dying seconds of the game as he counted a point on a boot to the dead-line.

**ARMY, NAVY Pats
Wind Up Season
With Banquet**

Placing an official finish seal on the 1942 season, members of the Army and Navy Pats football club were entertained by their sponsors at a banquet at the Royal George on Wednesday night.

Clove Hollingsworth, manager-coach, presided and during the course of his remarks announced that the club would operate again next season and that Helen Ricci, formerly of Calgary, but now residing in this city, would be on the pitching staff.

Following players were present: Gene Coghill, Peggy Edwards, Laura Strachan, Mary Maggery, Laura Lyons, Kelly McDonald, Owen Lawson, Peggy Little, Jean Ward, Bert Westbrook, Blanche Tivoli, June Craig, Thora Stewart, Mary Mercer, Kay Heim and Helen Ricci.

Also included among the guests were Lloyd Frith, Bill Lawson, W. McEneaney and Paul Yawen, assistant coach. Dora Martin and Marjorie Olsand were the only members of the team unable to be present.

**Bears' Owner
To Enter Navy**

CHICAGO, Oct. 22.—(AP)—George Halas, 45, owner-coach of the Chicago Bears professional football team, will enter the United States Navy as a commissioned officer next week. Arch Ward, manager of the Chicago Tribune, will say today in a copyright article in his column "In the Wake of the News."

Halas was not available for immediate comment.

His enlistment would be his second in as many years. He entered the navy in 1918 and also played with the Great Lakes football team in the Rose Bowl game.

Alsab Trims Shut Out But Fails to Finish First

NEW YORK, Oct. 22.—(AP)—The glamor boys of the three-year-olds, Alsab and Shut Out, were so intent on watching each other in the Gallant Fox handicap Wednesday that a four-year-old filly who wasn't supposed to have a look-in stole the \$11,300 pot from them.

She is Dark Discovery, a daughter of Discoverer from the stable of John A. Bell, Jr. This mile-and-five-eighths battle was supposed to come down to deciding 1942's championship of the three-year-olds.

In their previous get-togethers Shut Out had won the Kentucky Derby and the Belmont Stakes for Mrs. Fayer Whitney and Alsab had grabbed off the Preakness for Mrs. Al Sabath.

Apparently Carroll Bierman, aboard Alsab, and Buddy Haas, who did the steering on Shut Out, were under orders to keep their eyes on each other.

Through the first three-quarters of a mile they stayed well back. The field of six headed into the clubhouse turn, Warren Mehrens gave Dark Discovery her head and box-shut out in front and opened a gap of five lengths on her nearest rival.

A half-mile from home, Bierman whipped the Sab and he started to move up, fast. He was only a length away at the head of the stretch, but from there on couldn't gain an inch as the filly, apparently already tiring all the way, held her nerve. The \$5,000 second money, most of Alsab's earnings to date, went to the winner and Sab at the end was Marriage, two lengths back of Alsab.

Shut Out finished fourth.

In Air Force
WINNETT, Oct. 22.—(CP)—Robert Louis Stephenson, 38, former player with Winnipeg Falcons junior team two years ago, and Morris Sims, 19, prominent Winnipeg tennis junior player, have been enlisted in the Royal Canadian Air Force for air crew duties, recruiting officials announced yesterday.

**BY-WORD TOUCHDOWN
BY LUCAS FEATURES**

In the Woolston-Sons encounter the latter blew any chances for a win by committing costly fumbles.

Bob Cuthbertson put the winners quiet in front in the first quarter when he heaved one behind, the user's goal-line and then ran to recover the ball after a fumble. Dave Ellis put the South Riders on the scoreboard toward the end of the second frame as he heisted a spiral to the deadline. Just seconds before halftime, Cuthbertson again heisted one behind the opposing line and again Scona were guilty of a fumble and the kicker recovered the oval to add another touchdown.

Ken Lucas, Scona backfielder pulled the most thrilling play of the game soon after the final session opening a punt five yards behind his goal-line, he scanned through the entire Westglen line and the length of the field for five points. An Ellis to Proctor pass added a point after touch.

An outside kick by Cuthbertson was an added behind the opposing touch line was recovered by Harrison Young and this put the game in the bag for Westglen just before full time.

Blake and Drillon With Terry Reardon On First String

MONTREAL, Oct. 22.—(CP)—The way the Blake, Drillon and Terry Reardon are running up it seems fairly definite that these three will provide the main punch for the Montreal Canadiens in the coming National Hockey League season.

Reardon is not yet a Canadian prospect, as he has not been recruited by Boston Bruins, but coach Dick Irvin seems anxious to keep the young center.

Irvin has been switching his forwards in an effort to get the best combination possible, and he has another line shaping up in Ray Cliffe, Buddy O'Connor, and Ben Benoit. A third line of Elmer Lach, Tony Demers and Maurice Richard has also caused a gleam of satisfaction to sparkle in Irvin's eye.

There were 390,000 producing oils in the United States in 1940, as compared with only 107,000 in 1917.

"I beg your pardon, but may I suggest bi-carbonate of soda, too?"

Today's Sport Too

Basketball Not Hit By Present Wartime Conditions

NEW YORK, Oct. 22.—(BUP)—Regardless of what happens to other sports during the war, basketball seems destined to flourish.

The hoop game is easily adaptable to wartime conditions. Moreover, it has thousands of active participants—male and female—throughout the country, and its millions of fans generally are more prosperous now than in recent years.

Despite the constant shift of manpower to the colors, talent will be available for "big time" basketball because it is the most widely played team-game in the nation's high schools, colleges, military establishments and defense plants. It's a sport that thrives on local loyalty and close-knit team spirit. Hence, it's "big time" wherever played.

Some semi-pro and college teams do make long trips during the season, with squads that are small compared to those in football or baseball. But these trips could be eliminated and inter-collegiate play dropped entirely during war time without hurting the game.

Sport Shorts From Britain

LONDON, Oct. 22.—(CP)—The Canadian overseas forces will have a soccer team in this season's inter-allied services cup, as they did last season when they lost out in the early rounds. Unlike other competitors, however, they'll not pick a representative side. They will enter one of their championship teams.

Canadian forces games leading towards the championship have started on a graduated basis and provide sport for hundreds of players. Joint championships will be decided by January when the finals are scheduled.

Then a champion unit will perform in the inter-allied cup. To ensure 100 per cent team work as against the efforts of a collection of amateurs.

A similar plan will be followed by Canadian cross-country championships, with the main event, the Elliott of Hamilton, Ont., winner of last season's cross-country title. He took part in the Dieppe raid.

Four risks in various parts of England are to be used for the hockey championships for which an entry of 100 teams is expected.

Camron Campbell Buchanan, youngest professional footballer in the history of the game, made his money debut in Wolverhampton where he attends a technical college. He is 5'6" tall and weighs 130 pounds.

From youth to experience... About 10 years ago John Thompson, having made a name as a goalkeeper for Bath in minor football, went to Blackburn Rovers and became one of their leading players. Now a sergeant-major of airborne troops, he returned to the west country in a recent game and scored the first of Bath's five goals against Swansea.

From Bombay comes the word that football brought about a reunion between Tom Hawick, former Manchester United and Stoke City player and his brother Harry, after a lapse of 10 years.

Harry joined the British Army and went to India 10 years ago. Tom, Royal Artillery member, arrived in Bombay a few months back. He joined a team and they played the game of sports writers. Harry, in Bombay, noticed the name in the papers took a chance it might be his brother and journeyed to Bombay. They say it was a great reunion.

WINNIPEG, Oct. 22.—(CP)—Re-arranging officials announced Wednesday that Morden Skinner, 28, of Lockport, N.Y., a forward with Baltimore Orioles of the Eastern United States Amateur Hockey League last season has joined the Royal Canadian Navy.

There were 390,000 producing oils in the United States in 1940, as compared with only 107,000 in 1917.

In Calgary Saturday Coach Jamieson Taking 22 Players for Junior Final

Determined to keep the Alberta Junior football title in Edmonton for the third year in a row, R.C.A.P. Manning-Deed will take 22 players south for the first game of the provincial finals against the Calgary army at Calgary Saturday.

Pilot Officer Jack Jamieson, coach of the army men who won the Edmonton junior title, reported all his players are in good shape for the game Saturday. Second game of the total points series will be played in Edmonton Oct. 31.

Manning-Deed looked strong both offensively and defensively in winning the Edmonton title in the final against E.A.C. Team supporters believe the army men will give Calgary Army a strong battle even before the game Saturday. Edmonton players reported stronger than last year.

Edmonton Maple Leafs won the Alberta title in 1940 and 1941.

Three Bentleys May Soon Furnish Something New in Brother Acts

HIBBING, Minn., Oct. 22.—(CP)—Hockey fans on the big circuit will see something new in the way of brother acts the coming season if Manager Thompson has his way.

Wednesday Doug Bentley reported to Thompson, and in practice session Doug played left wing, with Brother Max at centre and Brother Reg at right.

If Reg, who is a newcomer to major league ranks, can accustom himself to the right wing post, a position new to him, hockey will see an entire forward string of brothers on the ice for the first time in the history of pro hockey.

After yesterday's workout Manager Thompson said that in all probability the Hawks would carry five defencemen: Tuten, Maties, Carbol, Mitchell and Seibert.

Joe Papkie, right wing, who holds an important war production position here, was denied permission Thursday to take two weeks off to practice with the Hawks. Papkie said he would hang up his skates for the duration.

Grant Warwick Attaches Name Ranger Contract

WINNIPEG, Oct. 22.—(CP)—Grant (Nobby) Warwick, winner of the Calder Cup, annual award to the outstanding rookie each season in the National Hockey League, Wednesday signed his contract with New York Rangers before going to the ice at the training camp.

Warwick, one of the shortest men in the major league, jumped from amateur ranks to the N.H.L. and was a sensation from the start. He finished the season with 33 points, and speed reporting for practice here last Wednesday has shown the same form that put him at the top of the Canadian Press poll last spring.

Steve Buzinski of Swift Current, Sask., new candidate for the goaltender's job in the league is asked to be in attendance along with young guys who desire to join a team.

A measles epidemic in Fiji killed 185 carried off 40,000 persons.

Hoop League Meets On Friday Night

The City Girls Basketball League will hold a meeting on Friday night at the Y.W.C.A. at 8 p.m.

Prior to the meeting a round robin basketball exhibition will be played between the Russell, Spruce Grove and "V" teams.

Any person who still wishes to enter a club in the league is asked to be in attendance along with young guys who desire to join a team.

A measles epidemic in Fiji killed 185 carried off 40,000 persons.

Canadian Rugby Union Preparing Six-Man Rules

TORONTO, Oct. 22.—(CP)—The Canadian Rugby Union's six-man football committee, headed by J. B. Fitts of Toronto, is distributing without charge an official rule book for the six-man game, adaptable for the small school or town which has insufficient playing material or equipment for a 12-man team. The game is popular with the armed forces.

In its introduction the rule book says: "Six-man football is a game that provides on a smaller scale all the thrills and excitement of the regular game, yet it trains the player in fundamentals and rudiments of rugby."

Every boy becomes adept at ball handling, passing, receiving and tackling because he does more of each. He learns to play the different positions in this way he becomes more alert and eager. On the other hand, it has proved to be less hazardous because of the lack of personal contact and rough line play.

In general O.R.U. rules prevail. A major difference in the six-man game is that on all ball-carrying plays, the player who receives the ball from the snap must pass on side to a team-mate before crossing the line of scrimmage except on forward pass plays. The aim is to open play. The trend is to prevent injury and it is suggested all players wear gum or basketball shoes instead of cleats.

The six-man field is only 40 yards wide but may vary from 80 to 110 yards in length compared with the regular 100-yard field of 110 yards. Ten-minute quarter periods are recommended instead of the regular 15-minute quarters. The offensive team must have at least three players with the line of scrimmage and a team may use four substitute players. The accepted playing positions are a snap, two wing, two halves and a quarterback.

Grant Warwick Attaches Name Ranger Contract

Canada's Nickel
YESTERDAY... IN PLEASURE BOATS
TODAY... IN TORPEDO BOATS

These craft make use of tough, strong, corrosion-resisting alloys of Monel-Nickel. Propeller shafts are stand the well-known nickel alloy—to stand extreme twists and strains and to resist salt water corrosion. Other nickel alloys are used in vital parts of motors, machinery and armament.

Today Canada's nickel industry strives for still greater production peaks, in order to supply the nickel needed by the United Nations.

Progressives Complete Candidates for Council

Three C.P.A. Nominees Will Run for Council, One for School Board

State of candidates of Progressive organizations contesting the civic election November 12, was completed Wednesday night when the Civic Progressive Association nominated three candidates for seats on the city council and one candidate for representation on the Edmonton public school board.

To Clear Cars Main Streets During "Alert"

Traffic regulations for Sunday's Air Raid "Precautions alert" will include the "freezing" of all private automobiles on side streets during the 30 minutes of alert. It was decided at a meeting of the A.R.P. committee held Thursday morning at the Civic hall that the cars will be parked on main thoroughfares so that these traffic lanes will be cleared of all traffic to enable vehicles to proceed on air raid work a clear right of way.

Federations will be permitted on the streets, but they are asked to keep to the sidewalks and to be especially careful when crossing at street intersections as air raid automobiles, ambulances, fire engines and other vehicles will be travelling on the main thoroughfares at all times of alert. At the scene of major incidents caused by the police and air raid wardens will move the public out of the zone of operations, and Mayor John W. Fry asked for the co-operation of all citizens in this phase of the alert. Full particulars of these regulations will be released later.

Civil Servants Hear Addresses On Victory Loan

Provincial government and Victory Loan officials addressed the members of the Alberta branch of the Edmonton organization for the bond campaign, and William McGreath, president of the Civil Service Association.

A-ROUND THE TOWN

Mr. and Mrs. G. T. Oyer, of 11334 94 street, received notice this week that their son, PO John Oyer, R.C.A.F., has arrived safely overseas.

Charles Belive, New York vice-president of the National Distillers Ltd., is a business visitor. He is making a survey of conditions throughout Canada.

Edmonton Optimists saw films of photographs on varied topics shown by Mayne Reid, R.C. president of the Edmonton City Club.

W. T. J. Hackett, Ottawa, deputy chairman of the Wartime Industries Control Board, arrived in Edmonton on an inspection tour of western Alberta.

Bank clearings in Edmonton for the week ending Thursday amounted to \$7,426,671.66, according to the weekly statement issued by the Edmonton Clearing House.

Members of the Edmonton Lions Club will be holding their regular weekly luncheon meeting to the Victoria Hotel.

W. A. Bayley, estates manager of the National Trust Company, addressed members of the Edmonton Rotary Club on "The Administration of Estates."

A decree nisi of divorce was granted Thursday by Judge C. O'Connor to Mary Tomlinson, nee O'Connor, and Mary Tomlinson, nee O'Connor, both of Edmonton.

Government War Policies Under Conservative Fire; Near Disaster Is Charged

Charges that the desire of the Mackenzie King government to maintain the Liberal machine in working order has already had almost disastrous consequences on the conduct of the war, and that the failure of the government to implement the affirmative vote cast in favor of the conscription of manpower was entirely due to the party's political considerations, were made by H. R. Milner, K.C., chairman of the National Conservative Party's convention committee at a meeting of the Edmonton Women's Conservative Association held Wednesday night at the Corona Hotel.

The meeting which was held under the chairmanship of Mrs. D. D. Edmonson, president of the association, was attended by more than 100 party adherents.

The successful conclusion of the war is of vital importance. Unless it is won by the Allied forces, any peace which the future may impose, Defeat means dictation of all our actions by foreign and hostile powers, Mr. Milner said.

CHARGE EXTRAVAGANCE He said the delegates to the Port Hope meeting were charged with concern for the conduct of the war by the government. In production of materials, waste and extravagance is becoming notorious. There is lack of co-ordination and speed. Two dollars are spent where one could do the job. A vast amount of money is being poured through the country.

He was found guilty of three breaches of three regulations of the Wartime Prices and Trade Board. His wife was charged jointly on one of the counts.

William Colick, operator of the Bureau Colick, was found guilty of counts for failing to submit to the board a financial statement for the annual operations of the business. The case against James M. Colick, 116 street, charged with hoarding sugar, was adjourned until No. 6.

Mr. Becker and his wife were charged with acquiring and accumulating coffee and tea, exceeding the limit of supply, when Wartime Prices and Trade Board inspection found 60 pounds of coffee and one pound of tea stored in the attic of the house above the kitchen.

Failure to report to the board under a number of fines at the time relating came into effect resulted in another \$15 fine.

Mr. Becker spoke on the subject of "Northwest Passage" and was stressing the importance of the new route to the continent of Asia both from a military and civilian viewpoint.

Along either route, Edmonton is the natural base of activity, and for a long time to come, he said.

There are only 40 miles of open water to cross the northwest aerial passage.

After finishing his address, Mr. Becker showed a C.P.A. film, "The Empire Empire in Canada," which was shown at the University of Alberta Wednesday.

Man, Wife Get Court Fines on Hoarding Count

Storing 95 pounds of coffee and one pound of tea in the attic of his home resulted in three fines each of \$15 and costs against John Mehrrens, 12712 82 street, when he appeared in city court Wednesday.

He was found guilty of three breaches of three regulations of the Wartime Prices and Trade Board. His wife was charged jointly on one of the counts.

William Colick, operator of the Bureau Colick, was found guilty of counts for failing to submit to the board a financial statement for the annual operations of the business.

Some Husbands Choosy, Difficult to Please

One of Them Complains Because His Wife Is Too Affectionate; Women Should Make Their Kisses Hard To Get

Dear Miss Dix: My wife and I have been married two years before we were married. During that time I was the lover and it was really Heaven on earth. But after we were married she got the idea that the role should be reversed and that she should do the love-making and she is suffocating me with her affection.

For no reason at all, no matter where we are, she throws her arms around me, kisses me and whispers in desperate tones: "Darling, I love you." Then she stops and holds her breath, waiting for me to say: "I love you, too." At first I minded up to her because I knew what she wanted to hear. Besides, if I didn't answer, she would say: "Well, I do love you, too. You love me, too." Or: "Don't you love me any more?"

Now when I tell my wife I love her I want to put some feeling in the words. I don't want to say: "Well, I do love you, too." This isn't what men want. They want to do the love-making after marriage as well as before. What can I do?

HELPLESS HUSBAND.
Answer: Aren't husbands the choosy thing? And haven't you no wonder wives don't know how to handle them. For here is one set of husbands who find coyness such a bore that they really get married to put an end to it, and are able to say it with best results and blushing cheeks instead of "I love you," and who expect their wives to take their affection for granted because they think they have earned the divorce court. And there is another set of husbands who, as so romantically inclined that they will never give up the preservation of the situation. Still, I believe the man who is not more eager to marry after the war than he has been before it.

BETTER GO SLOW.
No one can tell her. She has to try it out on the individual man, and if she gives the wrong answer it is just too bad. But one thing she can be told with certainty, and that is to go slow on her demonstrations of affection, for nothing kills a man so quickly and so completely as for a woman to insist upon him ill-treated and unloved excesses.

Even Solomon who holds the world's record as a great lover cried out in disgust: "My wife with flaxen, comfort me with apples."

Minute Make-Ups.

Well, I found out last night. The look out could hardly dance, although she is in her twenties. She was not dressed for dancing. Her skirt was full and long, but she had a row of big, wooden buttons up the front of her dress and a double row of beads around her neck. I still have a sore place on my chest where the buttons dug in to say nothing of having my feet probably crippled by life by her trampling on them.

I have and the same thing happens me at public dances and jewelry that are entirely unsuitable to the occasion. At one, a girl should be dressed to suit the occasion. Certainly I don't want to see a girl in a nightgown, unless she is going to the toilet, and she is not to be seen in the street.

Dear Miss Dix: I took a girl out for an evening of dancing last night. She is one of four girls who live together in an apartment. They are very nice and attractive, and I have often wondered why they never seem to have any dates.

Well, I found out last night. The look out could hardly dance, although she is in her twenties. She was not dressed for dancing. Her skirt was full and long, but she had a row of big, wooden buttons up the front of her dress and a double row of beads around her neck. McCoy Health Service

Sacro-lumbar injuries are capable of causing much pain and soreness in the region of the lower back. In severe injuries the pain is so extreme the patient is helpless in bed and may be laid up anywhere from several days to several weeks. Milder injuries may allow the patient to remain on his feet, but he will complain that the movements of sitting, rising from a chair, or getting out of bed, cause pain.

Those who are familiar with anatomy will recall that the sacrum is a bone of triangular shape which fits into the pelvic girdle. On either side it is joined to a bone called the ilium and together these three bones form the pelvic girdle. The sacrum is the base of the spine and is sometimes injured during a fall, during heavy lifting, or when stooping over, because of the joint being twisted in just the right way to cause a slip with a resulting soreness.

A sacro-lumbar slip or displacement. When the patient describes it, he says "The sacro-lumbar joint is out." In some cases, no actual slip occurs but the part sustains an injury called a sprain. In those patients having a tendency to rheumatism or arthritis, the injury around the sacro-lumbar may cause rheumatic twinges to be deposited with a resulting soreness.

Patients having once experienced a sacro-lumbar injury commonly report that the affected joint continues to tender even after they are supposedly recovered. They also report that the pain is likely to become worse in cold weather and on cold winter mornings. They may awaken with so much discomfort in the low back that they find it hard to get out of bed.

Apparently in these cases the inter-joint reaction is weak and the condition is then a strong possibility that stumbling or falling will bring on a return of the trouble. Such patients therefore should be advised to take special care to avoid falling.

The first work done in correcting true sacro-lumbar injuries was done by the Osteopaths, who worked out manipulative treatment which was often successful in returning the normal position of the part which has slipped out of place. As a general rule, it is advantageous to secure a manipulative treatment of the sacro-lumbar joint as soon as possible after the injury takes place. After the treatment it may be a good plan to strap up the area with adhesive tape. The application of heat usually produces a measure of relief from the pain and discomfort.

All questions regarding Health and Diet will be answered, stamped, self-addressed envelope must be enclosed. Write on one side of paper only. Letters must not exceed 150 words. Address: Dr. McCoy Health Service, 60 West 6th St., Los Angeles, Calif.

Gay Animals For Baby's Nursery
By ALICE BROOKS

By MYRTLE MEYER ELDERD

YOUR VOCABULARY

Always wear a large vocabulary and use it skillfully are unaware of how confusing they may be to their small children. They are the everyday business of eating a meal it is for the parent to stick to some simple formula of expression so that the baby knows exactly what she wants him to do.

With her mind all over the place the mother is quite apt to say, at one moment, "Take a bite," while the next moment, "Swallow this last spoonful." She may say, "Have some more," or "Just this little mouthful." It all has to do with eating but it is necessary to call the same and to the child, to whom sounds have little meaning. Expect through constant repetition, I were better to say always, in the same way, "Let's eat." In a moment, "Chew" and lastly, "Now swallow." That offers him the suggestion of how to eat as well as helping him to fulfill the act for which he has come to the table.

Children like to show that they understand what we say. They have more opportunity for pride when we couch our suggestions in terms so similar that they cannot be confused.

When the child goes out to play in the yard and have a good time. How often we disregard our own good judgment and make the negative suggestion, "Don't leave the yard now, or 'Let's eat' in the yard is the imprint we make upon the small mind and the 'don't' will never prevent him from doing it.

HELPING TO SLEEP.
When the baby is put to bed, even though too young to understand our words, he is helped to understand the meaning of sleep by our nightly formula of "Go to sleep, baby dear." These words heard over and over at his eyelids flicker, as the door closes and the room falls into darkness and silence are enough to make the word sleep become associated with all that is delightful. The sweet memory of his own drowsy comfort, of that relaxation after a full stomach and the loving fondling of the parent make this term not one from which to shy—and fight away—but one to embrace with energy. Sleep, sleep... it has meaning. He actively wants to sleep.

It is by such means that we build up a vocabulary and promote understanding. Start with the self-same words for the same acts until the child knows what we mean, then we can ring in changes to increase his store of words.

Our leaflet, "Hours of Sleep," etc., may be had by sending a 3-cent stamped, self-addressed envelope with your request to Myrtle Meyer Elder, in care of this newspaper.

Points for Parents

By EDYTH THOMAS WALLACE

Mother: "I met Mrs. Jones today and from what she said I inferred you were not at your home yesterday. Why were you afraid to tell me you were going to do something else?"

Mother: "Did you go over to Mary Jones' yesterday?"
Daughter: "Yes. Why do you want to know?"
Mother: "You're lying to me. I know you didn't because I phoned."

When a parent already knows the answer, why tempt a young person to lie by asking superfluous questions?

Army Recipes Show Why Soldiers Like Cranberries

By MRS. GAYNOR MADDOX

Our fighting sons, brothers and husbands like the bright red cranberry that comes now to market, bringing flavor and lots of nutrients, Mary I. Barber, food consultant to the Quartermaster Corps, has released these cranberry recipes which the Army uses to family proportions. Our fighters on the front can profit by them, too.

CRANBERRY ORANGE RELISH

(Makes 1 1/4 cups)
Four cups fresh cranberries, 2 oranges, 1 cup sugar, 1 cup corn syrup (dark or white) or 1 cup maple syrup or 1 1/2 cups honey.

Put cranberries in a cool chopper. Quarter whole oranges, remove seeds and put through chopper. Add sugar and syrup or substitute and mix well. Chill in refrigerator for several weeks.

For extra zip, add 1/2 lemon, with seeds removed, put through food chopper with cranberries and oranges. Keep well in refrigerator for several weeks.

CRANBERRY APPLE RELISH
(Makes 1 1/2 cups)
Four cups fresh cranberries, 2 apples, pared and cored, 2 oranges, 1 lemon, 1 cup sugar, 1 cup corn syrup (dark or white), or 1 cup maple syrup or 1 1/2 cups honey.

Put cranberries and apples through food chopper. Quarter whole oranges and lemon. Remove seeds and put through food chopper. Add sugar and syrup and blend. Chill in refrigerator a few hours before serving.

Tomorrow's Menu
Breakfast: Orange juice, oatmeal, toast, butter, enriched toast, coffee, milk.
Luncheon: Baked beans, Boston brown bread, cranberry-orange relish, ginger peas, tea, milk.
Dinner: Tomato and grapefruit juice, fried fish fillets, tartar sauce, parsley potatoes, buttered beet tops, lettuce and carrot salad, chocolate honey cake, coffee, milk.

Writer Divorced
—(RENO, Nev., Oct. 22.—AP)—George Fellingham, military international affairs writer, was divorced today by Mrs. Sara E. Fellingham, who charged him with extreme mental cruelty.

TODAY'S Range in Grain Prices

MARKETS

Toronto Stocks

TORONTO, Oct. 22.—(C.P.)—The stock market today was active and showed a general upward trend. The main reason for this was the news that the government had decided to increase the price of wheat. This news was met with a general feeling of optimism among investors. The market was also helped by the fact that the economy was generally strong and that there was a general feeling of confidence among investors.

Japanese Admit

Transports Lost

NEW YORK, Oct. 22.—(AP)—The Japanese acknowledged today that several transports carrying soldiers and supplies had been lost in the Indian Ocean.

A Tokyo report in the newspaper Asahi, translated by the British radio, listed two Japanese transports and an enemy auxiliary as having been lost in the Indian Ocean. The transports were the *Shimada Maru* and the *Shimada Maru*. The auxiliary was the *Shimada Maru*.

The *Shimada Maru* was a transport ship carrying soldiers and supplies. The *Shimada Maru* was a transport ship carrying soldiers and supplies. The *Shimada Maru* was a transport ship carrying soldiers and supplies.
